Experience

Full-stack Developer @ AmbrosiaPoS
Oct 2025 - Present

- Implementing a multi-platform desktop app (Linux, macOS, Windows for x64 and arm64) built with services orchestration through phoenixd (Lightning Network node), server, and client.
- Implementing project good practices: linters, tests, clean code, and clean architecture.
- Implementing CI/CD for linters, tests, and deployment, shipping multiplatform artifacts to releases.
- Delivering features across front-end (NextJS, React) and back-end (Kotlin, Ktor).

Fullstack Developer @ JAMB Technologies
Oct 2024 - Oct 2025

- Delivered features across frontend and backend applications with VTEX platform (React, NodeJS).
- Collaborated with e-commerce clients to optimize checkout flows and improve customer experience.

Professional Sabbatical
Sep 2022 - Sep 2024

- Focused on professional development: advanced React and NodeJS patterns.
- Built and published open-source projects (see GitHub).
- Contributed to side projects involving Bitcoin, Lightning Network, and LLM integrations.

Frontend Developer @ michelada.io
Jan 2019 - Aug 2022

- Developed features for US-based clients on e-commerce and SaaS projects using React and NodeJS.
- Interviewed candidates for JavaScript positions, contributing to talent acquisition.
- Collaborated in Agile environments delivering scalable solutions.

Frontend Developer @ Freelance
Aug 2018 - Dec 2018

- Added features to React projects using Sass, Bootstrap, and MaterialUI.
- Configured automation workflows with Gulp and Webpack.

Frontend Developer @ Corpa Labs
Jun 2018 - Jul 2018

- Developed features with React and NextJS.
- Used Foundation CSS framework and MobX for state management.

Frontend Developer @ Freelance
Apr 2015 - May 2018

- Delivered e-commerce, blogs, and websites using WordPress and WooCommerce.
- Modified WordPress themes for e-commerce and blogs.

Web Developer @ Crescendo Pixel
Oct 2013 - Mar 2015

- Built blogs and landing pages as a web developer.
- Contributed as UI/UX designer using Sketch and Invision.
